

	Introduction and Methodology	1
I.	State consumption by product	1
	Plate	1
	Hot rolled	2
	Cold rolled	2
	Galvanized	2
II.	Key by-product trends	3
	Merchant slab	3
	US slab consumption 2000-2015 by company and state	5
	US consumption of HR coil by state 2000-2015	6
	US consumption of CR coil by state 2000-2015	7
	US consumption of galvanized coil by state 2000-2015	8
	US consumption of plate by state 2000-2015	9
	US consumption of welded tube by state 2000-2015	10
	US consumption of seamless tube by state 2000-2015	11
III.	Consumption by end-use sector	
	Automotive	12
	Key automotive clients for the US steel industry by state	15
	HR coil consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	17
	CR coil consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	21
	Galvanized coil consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	25
	Plate consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	29

CONTENTS

Welded tube consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	33
Seamless tube consumption in the automotive sector by US state and high, medium and commodity grades 2000-2015	37
Construction	41
HR coil consumption in the construction sector by US state and high, medium and commodity grades 2000-2015	42
CR coil consumption in the construction sector by state and by high, medium and commodity grades 2000-2015	46
Galvanized coil consumption in the construction sector by US state and high, medium and commodity grades 2000-2015	50
Plate consumption in the construction sector by US state and high, medium and commodity grades 2000-2015	54
Welded tube consumption in the construction sector by US state and high, medium and commodity grades 2000-2015	58
Seamless tube consumption in the construction sector by US state and high, medium and commodity grades 2000-2015	62
Appliances/white goods	66
Key appliance sector clients for the US steel industry by state	67
HR coil consumption in the appliance sector by US state and high, medium and commodity grades 2000-2015	68
CR coil consumption in the appliance sector by state and by high, medium and commodity grades 2000-2015	72
Galvanized coil consumption in the appliance sector by US state and high, medium and commodity grades 2000-2015	76
Plate consumption in the appliance sector by US state and high, medium and commodity grades 2000-2015	80
Welded tube consumption in the appliance sector by US state and high, medium and commodity grades 2000-2015	84
Seamless tube consumption in the appliance sector by US state and high, medium and commodity grades 2000-2015	88

CONTENTS

Shipbuilding sector	92
Key shipbuilding sector clients for the US steel industry by state	92
HR coil consumption in the shipbuilding sector by US state and high, medium and commodity grades 2000-2015	94
CR coil consumption in the shipbuilding sector by state and by high, medium and commodity grades 2000-2015	98
Galvanized coil consumption in the shipbuilding sector by US state and high, medium and commodity grades 2000-2015	102
Plate consumption in the shipbuilding sector by US state and high, medium and commodity grades 2000-2015	106
Welded tube consumption in the shipbuilding sector by US state and high, medium and commodity grades 2000-2015	110
Seamless tube consumption in the shipbuilding sector by US state and high, medium and commodity grades 2000-2015	114
Steel Service Centers and Distributors	118
HR coil consumption in the service centers/distributors sector by US state and high, medium and commodity grades 2000-2015	119
CR coil consumption in the service centers/distributors sector by state and by high, medium and commodity grades 2000-2015	123
Galvanized coil consumption in the service centers/distributors sector by US state and high, medium and commodity grades 2000-2015	127
Plate consumption in the service centers/distributors sector by US state and high, medium and commodity grades 2000-2015	131
Welded tube consumption in the service centers/distributors sector by US state and high, medium and commodity grades 2000-2015	135
Seamless tube consumption in the service centers/distributors sector by US state and high, medium and commodity grades 2000-2015	139
Energy sector	143
Plate consumption in the energy sector by US state and high, medium and commodity grades 2000-2015	145

CONTENTS

Welded tube consumption in the energy sector by US state and high, medium and commodity grades 2000-2015	149
Seamless tube consumption in the energy sector by US state and high, medium and commodity grades 2000-2015	153
IV. US steel production	157
New production capacity targeting specific markets	157
US HR steel capacity by company	159
US CR steel capacity by company	160
US coated steel capacity by company	161
US plate capacity by company	162
US seamless steel tube capacity by company	162
US welded steel tube capacity by company	163
Capacity expansion plans for the US steel industry	165
V. US steel Imports	166
US HR coil imports by country	167
US CR coil imports by country	168
US coated coil imports by country	169
US plate imports by country	170
US welded steel tube imports by country	171
US seamless steel tube imports by country	172
US steel slab imports by country	173
By steel product import forecasts 2007-2015	174
By steel high, medium and commodity value grades import forecasts 2007-2015	174
Total import forecasts by steel product and by end-user sector 2007-2015	175
US steel imports by port	176
VI. US price forecasts	177
Historical average prices by product and by high, medium and commodity value grades 2002-2007	178
Price forecasts trends for the US steel industry	179
